

PerfōSilTM

Ortho-Silicic Acid (OSA)-Based Immunity & Yield Booster

Product Description

- 99.99 % pure, plant-available O-Silicic acid with High Silica Content (3%)
- Shelf life upto 3 years
- Approved by Ecocert inputs France Certified for Organic Farming In India, US, Europe
- Patented in India & US

Benefits

- Stimulate growth & promote self acquired resistance (SAR) Against fungi & bacteria
- Builds tolerance to Biotic & Abiotic stress
- Improves drought resistance by reducing water requirement up to 40 %
- Improves uptake of minerals especially phosphorus
- Non-toxic, Eco-friendly, User-friendly
- Perfosil is much more effective than Silica powder fertilizers which contain Polymeric Silica which is not directly absorbable by plants.
- Enhances quality & quantity of produce up to 30 %

Dosage and method

- **DOSAGE** – 2 ml per liter water
- **METHOD OF USE**
 Dilute 1ml in 1 liter water. Mix well.
 For Seeds – Dip seeds for 15 min. Strain off excess water & sow.
 For Saplings – Drench sapling with above solution & transplant.
 Spray as per below schedule
 Drench / Drip / Spray 1 – After 30 days of plantation
 Spray 2 – After 60 days of plantation **OR** Before flowering
 Spray 3 – After 90 days of plantation **OR** Before fruiting

Applicable for all Crop Varieties

		
	NanoSilver & Hydrogen Peroxide-Based, Multi-Purpose Biocide To Control Disease & Microbial Attack On Plants	
	Product Description	NanoSilver & Hydrogen Peroxide-Based, Multi-Purpose Biocide To Control Disease & Microbial Attack On Plants
	Benefits	<ul style="list-style-type: none"> • NanoSilver-based, Eco friendly, Multi-purpose Biocide • It exerts good effect on powdery mildew, downy mildew, bacteria blight, fusarium wilt, root rot, stem rot etc. on fruit & vegetable crops • Helps to reduce toxic residues on the surface of fruits & vegetables • Helps to disinfect soil from microbial (bacteria/fungus/virus) contamination. • Acts by disrupting microbial cell membrane & cell mutation • Fast action due to unique oxidizing formula • Active in wide range of pH soils & temperatures. • Does not accumulate in plants, has no odor or color • It is non-toxic, residue free and biodegradable
Dosage and method	<ul style="list-style-type: none"> • DOSAGE – 2 ml per liter water • METHOD OF USE 1. As Foliar Spray Note: Use Independently 	

	<h1 style="color: green;">PerfoSanizer[™]</h1>	
	<h2 style="color: green;">NanoSilver & Hydrogen Peroxide-Based, Multi-Purpose Biocide</h2>	
	Product Description	<p>NanoSilver & Hydrogen Peroxide-Based, Eco-friendly Multi-Purpose Biocide. PerfoSanizer is eco-friendly broad-spectrum biocide which is scientifically 20 times more effective for sterilization than regular Hydrogen Peroxide, as PerfoSanizer is the combination of Nano silver and hydrogen peroxide.</p>
	Benefits	<ul style="list-style-type: none"> ✚ 100 % Non-toxic, residue free and Cost effective ✚ Zero residues/No formation of trihalomethanes ✚ Exert good control against bacteria, viruses and fungi ✚ Effective against microbial biofilms ✚ Highly effective at lower dose
Dosage and method	<ul style="list-style-type: none"> • SURFACE STERILIZATION DOSAGE – 5 ml per liter water • OPERATION THEATRE – 20 ml per liter water <p>Note: 1) Use Independently</p>	
Application Areas	<ul style="list-style-type: none"> ✚ Hospitals, Operation Theatre, Processing Industries, Research laboratory, Water Purification plant, Pathology laboratory, Poultry farm, Animal Husbandry, Hotels 	

<p style="text-align: center;">Testing & Certifications</p>	<ul style="list-style-type: none"> 🚩 Haffkins institute, BARC-Radiation Center, Intertek International Labs and Envirocare Labs, Mumbai. 🚩 SMC college of dairy science, Gujrat, 🚩 Narayana Hridalaya Group of Hospitals, Banglore 🚩 Shri Sathya Sai Baba Super Specialty Group of Hospitals, Banglore 🚩 Jagdale Group of Industries, Banglore 🚩 Majumdar Cancer research Institute, Banglore
